Apartment La Grande-Motte

New development at La Grande Motte, a Mediterranean dream in an oasis of greenery, suspended between sky and sea! Apartments with and without sea view, bright with terraces. This new program of 45 apartments in 4 buildings ranging from R+1 to R+8, will be delivered at the end of the 1st quarter of 2024. Located in the heart of this dense and protective vegetation, as if resting on stilts, the buildings with immaculate white facades reveal an elegant and majestic architecture ... all 400 m from the sea and 15 min walk from the Port . Program In the heart of the Couchant district, discover an architect's residence. Four pyramids, with generous undulating and vegetated terraces, dominate an incredible canopy and blend into the middle of a surreal landscape between ponds and the Mediterranean coast. In the 2 to 5 room apartments of this luxury residence, the volumes offer beautiful living areas. The openings are numerous and invite light inside. Real living rooms, the vast terraces call, throughout the year, to live outside. All the apartments have a double or even a triple exposure, favoring the natural circulation of fresh air. Take advantage of a moment of rest on the hanging garden terraces. Parking on the ground floor and large bicycle parking. Everything is done
